Dear Sir/Madam,

It is with great excitement that I write this letter, as Roy C. Start high school Sideliners athletic boosters is preparing for our second reverse raffle on March 10, 2018. Last year's raffle was an amazing success! Sideliners were able to provide over \$8,000.00 to our teams for equipment, training and uniforms, as well as assisting our athletic department with much needed signage for our athletic wing.

As you are aware fund raising is the single most important undertaking of a non-profit organization. Our 501c3 booster club relies on fund raising for ongoing projects. For example, we are currently working on renovating our weight training room that directly impacts every athlete at Start. We also fund scholarships for our senior's athletes while supporting a high quality athletic program.

This year's reverse raffle goal is \$15,000.00 with an anticipated 350 + attendees at St. Clements Hall, 3030 Tremaninsville Rd., Toledo, Ohio 43613. With that in mind, we are asking organizations like yours for donations for our raffles and silent auctions because we believe you share our belief that investing in student athletes is an investment in our communities future,.

Enclosed is a copy of an IRS determination letter for your tax purposes regarding your donation.

Thank you for your consideration,

Mike Gillespie
Fundraising and community outreach, Start Sideliners
